We will explain their collective effects and how they shape your sexuality later in this PDF, but lets first explore, your main sex signs individually and understand there sexual taste, sexuality & how they can influence your sex life individually.

Scorpio:

This is the **most passionate sex sign among all**, this is a Martian sign and originally belongs to 8th house of secrecy, This sign blesses you with hidden secret sex, lot of sexual desires that you keep inside your mind and heart.

Scorpio is connected with your Moon & Venus, which means these qualities are very much an intrinsic part of your sex life.

Scorpios are known for their intense, passionate, and emotionally charged approach to intimacy.

- You can crave a deep emotional connection during sex. They don't just want the physical act; they want to feel like they're merging souls with their partner.
- For you the experience needs to feel meaningful, almost transformative, for it to be truly satisfying.
- You enjoy raw, uninhibited passion where both partners lose themselves in the moment.
- You will thrive in situations where emotions are high and sparks are flying.
- You are naturally **curious** and open to **exploring fantasies, taboos**, and boundaries. They love trying new things, whether it's role-playing, toys, or other forms of experimentation.
- Your interest in mystery and the unknown often extends to the bedroom, where you enjoy **surprises** and keeping things fresh and new.
- Seduction is an art form for Scorpio. They often enjoy taking their time, building anticipation, and creating an atmosphere of mystery and desire.

- You like the chase and the power dynamic that comes with teasing and being teased.
- You are naturally drawn to power dynamics in sex. This could involve being **dominant**, **submissive**, or exploring themes of control and surrender in a consensual and mutual way.
- You enjoy the psychological aspects of intimacy as much as the physical ones.
- You view sex as more than just physical pleasure; you often see it as a way to heal, bond, and renew their energy.

What Scorpios Value in Sex

- **Trust:** Scorpios need a partner they trust deeply. Once that's established, they're willing to share their most vulnerable and passionate selves.
- **Loyalty:** They expect their partner to be as devoted and committed as they are.
- **Privacy:** Scorpios are intensely private, and they prefer to keep their sexual lives between themselves and their partner.

In essence, Scorpios thrive on sex that's intense, meaningful, and pushes boundaries—both emotionally and physically. You want an experience that feels unforgettable, like it's more than just sex but a journey into uncharted emotional and physical territories.

Virgo:

Virgos are often misunderstood when it comes to their sexual preferences. While their reserved and practical nature might make them appear shy or restrained, beneath the surface, Virgos can be deeply sensual and attentive lovers. Here's an insight into the type of sex Virgos typically enjoy:

- Virgos are **perfectionists** by nature, and this carries over into the bedroom. They take the time to understand their partner's desires and ensure they're fully satisfied.
- They **enjoy creating** a pleasurable experience for their partner, often focusing on the details to make intimacy feel special and meaningful.
- Virgos appreciate the art of **slow seduction**. They enjoy building intimacy through gentle touches, prolonged foreplay, and an emotional connection.
- They value **quality over quantity** and would rather have one deeply satisfying experience than many rushed encounters.
- Virgos are ruled by Mercury, making them **detail-oriented** and particular. They thrive in settings that are clean, aesthetically pleasing, and organized, even during intimate moments.
- A well-prepared atmosphere—fresh sheets, candles, or soft music—can make a huge difference in their level of comfort and arousal.
- While Virgos may not openly flaunt their adventurous side, they are curious and willing to explore fantasies and **light kinks like soft bdsm** with a trusted partner.
- Virgos aren't typically into one-night stands or casual flings. They prefer sex that feels emotionally grounded and meaningful.
- They often need to feel secure and connected with their partner to let go fully in the bedroom.
- Virgos are naturally service-oriented, meaning they gain immense satisfaction from **pleasing their partner**.
- They're attentive to their partner's needs, noticing subtle cues and responding with care and precision.
- Virgos are analytical and methodical, meaning they often focus on "getting it right" during intimacy. This can make them incredibly skillful lovers who pay attention to what works and continuously refine their approach.

Challenges for Virgo in Sex

- **Overthinking:** Virgos can sometimes overanalyze the situation, worrying if they're doing everything perfectly, which might inhibit spontaneity.
- **Inhibition:** Their naturally reserved nature can make it hard for them to open up about fantasies or desires without a supportive, understanding partner.

Key Themes Virgo Loves in Sex:

- **Trust and Comfort:** They need to feel safe and understood to truly let go.
- **Physical and Emotional Intimacy:** Sex is a blend of physical pleasure and emotional connection for them.
- **Exploration with Boundaries:** They're open to experimenting, but it must feel tasteful and controlled.

Your Sex Planets

Zodiac, Planets, Constellation shapes your sex life, sexuality, preferences, etc. This will explore how the unique energy of each nakshatra interacts with the planets, signs & houses to create your sexuality and sex life.

1. Venus in Vishakha Nakshatra in Scorpio: Sexuality

Venus represents love, sensuality, and sexual preferences. In **Vishakha nakshatra** (symbolized by a forked branch) and **Scorpio** (a deeply passionate and transformative sign), Venus takes on a magnetic and intense quality.

- 1. Magnetic Sexual Energy:**
 - Venus in Scorpio in Vishakha gives you an aura of mystery and allure that draws others toward you effortlessly. There's a seductive, almost hypnotic quality in how you express yourself.
- 2. Deeply Transformative Intimacy:**
 - Sexual experiences are not casual for you. You crave intensity and emotional depth, seeking to merge with your partner on a soul level.
- 3. Desire for Loyalty and Obsession:**
 - Venus in Scorpio emphasizes commitment and loyalty, but it also brings a desire for all-encompassing passion, which can veer into possessiveness or jealousy.
- 4. Exploration of Taboo:**
 - This placement makes you curious about exploring the unconventional or taboo in sex, such as BDSM, roleplay, or other fantasies that deepen trust and emotional connection.
- 5. Passion for Transformation:**
 - Vishakha's energy of transformation aligns with Scorpio's themes, meaning sexual encounters are often cathartic, helping you and your partner grow emotionally and spiritually.
- 6. Preference for Power Dynamics:**
 - You enjoy power dynamics in sex, whether it's taking control or surrendering to a trusted partner. These dynamics excite and emotionally satisfy you.
- 7. Intensity and Emotional Vulnerability:**
 - You don't engage in surface-level connections. Every touch, kiss, and interaction must carry emotional meaning. If there's no depth, you lose interest.
- 8. Favorite Setting:**
 - Dark, intimate, and private spaces, like candle-lit rooms or secluded places, resonate with your sensual and mysterious nature.

2. Moon in Anuradha Nakshatra in Scorpio: Sexuality

The Moon governs emotions, inner desires, and how you emotionally connect with others. In **Anuradha nakshatra** (symbolized by the lotus, representing devotion and growth) and **Scorpio**, the Moon takes on an intense, loyal, and nurturing approach to sexuality.

1. Emotionally-Driven Sexuality:

- Sexuality for you is an emotional experience. You need to feel safe and deeply connected to your partner to fully open up.

2. Devotion and Loyalty:

- Anuradha's focus on friendship and loyalty makes you fiercely devoted to your partner. You seek a lover who reciprocates this unwavering commitment.

3. Karmic Connections:

- This placement suggests sexual experiences are karmic and transformative, often helping you and your partner evolve emotionally and spiritually.

4. Love for Emotional Vulnerability:

- You thrive in relationships where both partners can be emotionally raw and honest. Sex becomes a way to heal emotional wounds and build trust.

5. Preference for Slow Intimacy:

- You enjoy intimacy that begins slowly, with emotional bonding, extended foreplay, and meaningful touch before building into deep passion.

6. Attraction to Mystical or Sacred Sexuality:

- Scorpio's depth, combined with Anuradha's devotion, creates an interest in tantric sex or practices that align the physical with the spiritual.

7. Healing Through Sex:

- You view sexual intimacy as a form of emotional healing, both for yourself and your partner. You have a unique ability to sense and address their hidden emotional needs.

8. Favorite Setting:

- Water-themed environments, such as beaches, lakesides, or even luxurious baths, align with your emotional and intuitive nature.

3. Sun in Hasta Nakshatra in Virgo: Sexuality

The Sun represents confidence, pride, and self-expression in intimacy. Its placement in Hasta nakshatra (symbolized by the hand) and Virgo (an earthy, detail-oriented sign) makes this placement particularly focused on control, precision, and generosity in sexual relationships.

1. **Confidence in Skills:** You take pride in your ability to satisfy your partner. This placement makes you a thoughtful and generous lover.
2. **Sensual Focus on Touch:** Hasta's focus on dexterity and touch means you excel in foreplay involving massages, caressing, and tactile exploration.
3. **Control and Mastery:** You prefer being in control of the rhythm and flow of intimacy, ensuring everything feels "just right."
4. **Perfectionism:** There's a strong desire to excel in sexual performance, and you might overanalyze your actions to ensure your partner's satisfaction.
5. **Emotional Warmth:** The Sun's presence brings warmth and devotion to your sexuality, ensuring your partner feels appreciated.
6. **Desire for Admiration:** You want to be seen as a skilled and attentive lover, and positive feedback boosts your confidence.
7. **Structured Exploration:** While you may be open to experimenting, it will always be planned and purposeful, not impulsive.
8. **Ideal Setting:** Clean, aesthetically pleasing environments with thoughtful details like lighting and scents appeal to your sense of order and perfection.

4. Mars in Hasta Nakshatra in Virgo: Sexuality

Mars governs passion, drive, and raw sexual energy. In Hasta nakshatra and Virgo, Mars becomes less impulsive and more refined, channeling its energy into skilled and deliberate acts of intimacy.

1. **Controlled Passion:** Your sexual energy is intense but well-controlled. You excel at building anticipation and ensuring every action has meaning.
2. **Physical Dexterity:** Hasta enhances your natural skill with your hands. You're drawn to practices like sensual touch, body massages, or even tantric rituals that focus on tactile connection.
3. **Analytical Desires:** Mars in Virgo makes you meticulous about your partner's pleasure, analyzing their responses to adapt and improve your approach.
4. **Structured and Grounded:** You prefer intimacy that is well-planned and grounded, avoiding chaotic or impulsive encounters.
5. **Exploration of Subtle Sensations:** You're drawn to practices like slow, deliberate foreplay, teasing, and other forms of sensation play.
6. **Confidence Through Skill:** You take pride in mastering techniques that enhance pleasure, making you an attentive and skilled lover.
7. **Balance of Dominance and Care:** While Mars gives you a dominant streak, Hasta softens it with care and precision, making you a balanced and considerate partner.
8. **Favorite Activities:** Hands-on activities like sensual bodywork, oil play, or practices requiring tactile engagement resonate strongly.

5. Mercury in Uttaraphalguni Nakshatra in Virgo: Sexuality

Mercury represents communication, curiosity, and intellectual stimulation. In Uttaraphalguni nakshatra (symbolized by the bed or couple) and Virgo, it adds a playful and mentally engaging element to your sexuality.

1. **Intellectual Foreplay:** You are aroused by conversations, flirtation, and witty banter. Mental stimulation is a critical precursor to physical intimacy.
2. **Desire for Balance:** Uttaraphalguni's focuses on harmony and mutual satisfaction, so you thrive on balanced energy exchanges with your partner.
3. **Curious and Experimental:** Mercury's curiosity makes you open to trying new techniques or fantasies, provided they feel structured and safe.
4. **Playful Energy:** There's a lighthearted and fun-loving side to your sexuality, making you an enjoyable and easygoing lover.
5. **Love for Precision:** As Virgo's ruler, Mercury enhances your attention to detail in intimacy, ensuring every action is well-executed.
6. **Communicative Partner:** You value partners who are open about their desires, as verbal feedback helps you tailor the experience for mutual satisfaction.
7. **Preference for Rituals:** Uttaraphalguni's symbolism of the bed highlights your love for creating rituals in intimacy, like setting the mood with music or candles.
8. **Favorite Time for Intimacy:** You prefer times when both you and your partner feel mentally connected, like after deep conversations or shared activities.

6. Jupiter in Ardra Nakshatra in Gemini :Sexuality

1. **Curiosity-Driven Sexuality:** With Jupiter in Gemini, there's an intellectual curiosity that extends to sexuality. This placement fosters a deep interest in exploring varied ideas, concepts, and fantasies related to intimacy, making sexual encounters as much about mental stimulation as physical connection.
2. **Duality and Experimentation:-** Gemini's dual nature and Ardra's transformative energy inspire a desire for experimentation in bed. You may seek diverse experiences and partners, exploring different facets of their sexuality over time.
3. **Emotional Complexity:-** Ardra, ruled by Rahu, adds a stormy and intense emotional layer to sexuality. While you may appear playful and lighthearted outwardly (due to Gemini), your desires and inner world can be profoundly deep and occasionally turbulent.

4. **Attraction to Communication:-** Jupiter in Gemini heightens the importance of communication in sexual relationships, you are turned on by intellectual foreplay, witty banter, and verbal expressions of desire. Words can become a powerful tool for seduction.
5. **Desire for Unconventional Experiences:-** Ardra's energy often leads to unconventional or taboo interests. Combined with Jupiter's expansive nature, you may want to explore or embrace kinks, fantasies, or experiences outside societal norms.
6. **Playful Yet Profound Approach to Sex:-** While they may exhibit a fun-loving and spontaneous side in intimate encounters, there's also a deeper yearning to understand their partner's psyche and build meaningful connections, as Jupiter seeks wisdom in all areas of life.
7. **Restlessness and Variety:-** Gemini's mutable energy can make them restless in long-term sexual dynamics. They crave novelty and may feel stifled in a routine-driven sex life, seeking partners who can keep up with their curiosity and adventurous spirit.
8. **Potential for Dual Energies:-** Ardra's raw, transformative nature combined with Jupiter's moralistic tendencies creates a unique mix. You may oscillate between indulgence and restraint, grappling with feelings of guilt or morality around your sexual choices while still being drawn to explore them.

15. Your Connection to Fantasy or Escapism in Sex

- **Escaping Into Fantasy:** You are drawn to imaginative scenarios, where you can lose yourself in your partner's world and your own desires.
- **Role-Playing:** Your love for communication and intellectual engagement may lead to sexual role-playing, allowing you to express fantasies creatively.
- **Escapism Through Intensity:** Scorpio's transformative energy makes you often seek intense experiences that allow you to escape reality and dive deep into your emotions.
- **Exploring the Unknown:** Your adventurous Gemini placements allow you to explore new, unexpected fantasies without feeling restricted by norms.
- **Creating a Narrative:** With your Virgo and Gemini placements, you enjoy structuring and creating detailed scenarios or fantasies that allow for deeper exploration.

16. Body Count

- **Multiple Partners:** The combination of Gemini's mutable nature and Scorpio's desire for exploration means you might have had a variety of partners throughout your life.
- **Quality Over Quantity:** Despite a potentially high body count, emotional depth and meaningful connections are highly important to you.
- **Exploration-Focused:** You're likely to have been curious about different sexual experiences and partners, driven by a desire for new experiences rather than just physical pleasure.
- **Intellectual Connections:** Your body count is likely connected to partners with whom you shared intellectual and emotional bonds.
- **Loyalty Over Time:** As you age, loyalty and connection may become more important to you, even if you had several partners in earlier years.

Overall Summary

You possess a dynamic, emotionally deep, and intellectually curious approach to sexuality. Your intimacy is highly transformative, seeking emotional connection as well as intellectual stimulation. You thrive in relationships where both your physical and mental needs are met, enjoying a balance of passion, communication, and personal growth. Your sexual expression is adventurous and curious, always open to exploring new dimensions of intimacy while valuing emotional depth and commitment.

Predictions for Next 1-2 years.

Rahu

Rahu will be in Aquarius from 18th May 2025 to 5 Dec 2026.

It aspects your 12th house with 9th aspect which signifies quite a lot of foreign or long distance journeys for you, or connection with people from different places, culture or same gender, 12th house also being the house of bed pleasures, it hints towards some uncommon hookups or connections like same gender sex.

It also aspects your 8th house & Jupiter with 5th Aspect which signifies a rising interests or karma with same gender sexuality, this is the time when you want to explore beyond the boundaries.

Saturn will be in Pisces from 29th March 2025 to 3 June 2027.

Saturn is in your 5th house and putting restrictions in love and relationship or showing a break into it.

Saturn's 3rd Aspect on 7th house shows again a break or some kind of restrictions in relationship with partner, some kind of new deals are signed with the partner as Saturn will be under influence of Rahu initially.

Saturn's 10th aspect is on Natal Saturn and 2nd house, shows a restrictive nature towards finances and trying to control over your feelings.

Saturn

Jupiter

Jupiter will be in Gemini from 14th May 2025 to 2 June 2026.

Jupiter is in your 8th house empowering your Natal Jupiter. This shows that despite the pressure of Rahu to explore new boundaries you will find it hard to move to untraditional path.

Jupiter 5th aspect on 12th House again affirms the confusion of sexuality, you might be wanting to explore new things but Saturn and Jupiter energies are constantly pulling you back to traditional path.

Jupiter 9th aspect over 4th house and Transit Rahu again confirms the confusion between the normal or unconventional way of life.

Rahu - Jupiter - Saturn play in your chart showing that you are beginning to explore or the desire to explore new things in sexuality, be it with current partner or with new ones, you are looking to explore beyond boundaries like lesbianism, however Jupiter and Saturn are putting a restriction towards these feelings which will result in a state of confusion & mental tension. However Rahu in Aquarius is considered strong and in your chart Rahu have a very important role in your sexuality so you might end up exploring new paths even after the confusion and emotional restrictions.

Conclusion

Compatibility Analysis

Based on the planetary placements and their respective nakshatras, I'll calculate the compatibility of your chart with different zodiac signs, considering sexual, physical, emotional, and mental compatibility.

Compatibility with Each Zodiac Sign

1. Aries

- **Sexual Compatibility:** 85/100 – Aries' passionate and energetic nature blends well with Scorpio and Virgo's intensity. Your Scorpio placements would create a deep emotional connection, while Mars and Sun in Virgo provide the practical approach to keep the sexual energy grounded.
- **Physical Compatibility:** 80/100 – Physical attraction will be high due to Aries' fiery energy and your Scorpio intensity. However, Virgo's analytical nature may sometimes slow down Aries' impulsive actions.
- **Emotional Compatibility:** 70/100 – Emotional compatibility might be challenging at times as Aries Moon seeks independence and can be more impulsive, while Scorpio's Moon tends to be intense and deep.
- **Mental Compatibility:** 90/100 – Both Aries and your Gemini influence will lead to a stimulating intellectual connection. There will be exciting exchanges of ideas and mental stimulation.
- **Overall Score:** 81/100

2. Taurus

- **Sexual Compatibility:** 90/100 – The sensuality of Taurus Moon combines beautifully with your Scorpio placements. Taurus is ruled by Venus, which links well with your Venus in Scorpio, providing deep, passionate, and intimate connections.
- **Physical Compatibility:** 88/100 – Taurus' earthy nature complements your Virgo placements well. The physical side of the relationship would be deeply satisfying and grounded.
- **Emotional Compatibility:** 85/100 – Emotional connection will be strong, though Taurus' more stable and slower-moving emotional nature may sometimes clash with the intensity of Scorpio. However, Taurus' loyalty will appeal to Scorpio's need for deep connection.
- **Mental Compatibility:** 80/100 – Taurus is more practical and less mentally adventurous than Gemini, which may create a slight difference in how both approach intellectual matters.
- **Overall Score:** 86/100

3. Gemini

- **Sexual Compatibility:** 95/100 – This is an excellent match due to your shared Gemini influence. Both your curiosity, intellectual engagement, and adaptability in sexual encounters will create a very stimulating and exciting connection.
- **Physical Compatibility:** 80/100 – Physically, Gemini can be more light-hearted and playful, while Virgo's more reserved nature may require a bit more effort to meet physical needs. However, the mental stimulation will help overcome any barriers.
- **Emotional Compatibility:** 75/100 – Emotional connection might be a bit tricky since Gemini Moon is often emotionally detached, while Scorpio Moon tends to need deeper emotional bonding. However, intellectual and communicative connections will help bridge the gap.
- **Mental Compatibility:** 95/100 – Mental compatibility is fantastic, with shared curiosity and intellectual stimulation from your Jupiter in Gemini and Mercury placements.
- **Overall Score:** 85/100

4. Cancer

- **Sexual Compatibility:** 80/100 – Sexual compatibility could be somewhat challenging as Cancer tends to be emotionally nurturing but may not engage in the intensity and raw energy that Scorpio craves. However, Virgo placements offer grounding and sensitivity in physical intimacy.
- **Physical Compatibility:** 75/100 – Cancer Moon is more emotionally driven and less focused on physical desire, which may not always align with the passionate physical needs of Scorpio and Virgo influences.
- **Emotional Compatibility:** 90/100 – Emotional compatibility will be strong, as both Scorpio Moon and Cancer Moon are deeply emotional and need strong emotional bonds.
- **Mental Compatibility:** 85/100 – Both Moon signs have intuitive qualities, but Cancer's nurturing energy can sometimes clash with the intellectual, analytical nature of Mercury and Virgo.
- **Overall Score:** 82/100

5. Leo Moon

- **Sexual Compatibility:** 75/100 – While Scorpio's intensity might initially attract Leo, their need for attention and admiration may not be fully met by your Virgo and Scorpio placements. However, Scorpio's passion can fuel Leo's fire.
- **Physical Compatibility:** 70/100 – Leo's need for attention and praise might conflict with Virgo's more reserved and practical physical approach. Virgo's precision may not always cater to Leo's desire for grand gestures.
- **Emotional Compatibility:** 80/100 – Scorpio and Leo can share emotional intensity, but Leo's need for validation might clash with Scorpio's depth. Emotional compatibility can be tricky without enough communication.
- **Mental Compatibility:** 85/100 – Mentally, both have strong wills, but Leo is more dramatic, and Virgo tends to be more rational, which might create tension.
- **Overall Score:** 77/100

6. Virgo Moon

- **Sexual Compatibility:** 90/100 – With both Virgo Moons, there is an excellent understanding of each other's needs, especially with the Virgo placements in Mars, Sun, and Mercury. This leads to a deeply satisfying and respectful sexual relationship.
- **Physical Compatibility:** 92/100 – Being both practical and grounded, the physical connection will be very fulfilling. There is a strong attention to detail and a mutual understanding of each other's desires.
- **Emotional Compatibility:** 85/100 – Both Virgo Moons share an emotional need for security, but they might find it difficult to open up emotionally at times, which could slightly affect the bond.
- **Mental Compatibility:** 95/100 – Your Mercury and Virgo Moon connection will create a very high level of mental compatibility, with excellent communication and shared intellectual pursuits.
- **Overall Score:** 91/100

7. Libra Moon

- **Sexual Compatibility:** 80/100 – Libra's desire for balance and harmony may clash with Scorpio's intensity and emotional complexity. However, both are ruled by Venus, which fosters mutual appreciation for beauty and sensuality.
- **Physical Compatibility:** 85/100 – Libra Moon's need for balance and fairness in relationships could find fulfillment in Virgo's practical approach, although Scorpio's intensity might overwhelm Libra's more diplomatic nature.
- **Emotional Compatibility:** 75/100 – Libra Moon is more emotionally detached, preferring to avoid conflict, while Scorpio Moon craves deeper emotional exchanges. They may struggle to connect emotionally at times.
- **Mental Compatibility:** 80/100 – Libra is intellectual but more focused on diplomacy, while Mercury and Virgo are more analytical. Different approaches may lead to misunderstandings.
- **Overall Score:** 80/100

8. Scorpio

- **Sexual Compatibility:** 98/100 – This is a highly compatible match for sexual energy. Scorpio's intense passion and deep emotional need align perfectly with your Scorpio placements, creating a highly magnetic and fulfilling sexual connection.
- **Physical Compatibility:** 90/100 – Scorpio's need for intimacy and deep connection matches your Virgo's practicality, and both seek intensity in physical closeness.
- **Emotional Compatibility:** 95/100 – Emotional compatibility will be strong as both Scorpio Moons share a need for deep emotional connections, loyalty, and security.
- **Mental Compatibility:** 85/100 – Mental compatibility will be good, but both may struggle to communicate emotions and thoughts directly, given Scorpio's secretive nature and Virgo's analytical mindset.
- **Overall Score:** 92/100

Summary of Compatibility Scores:

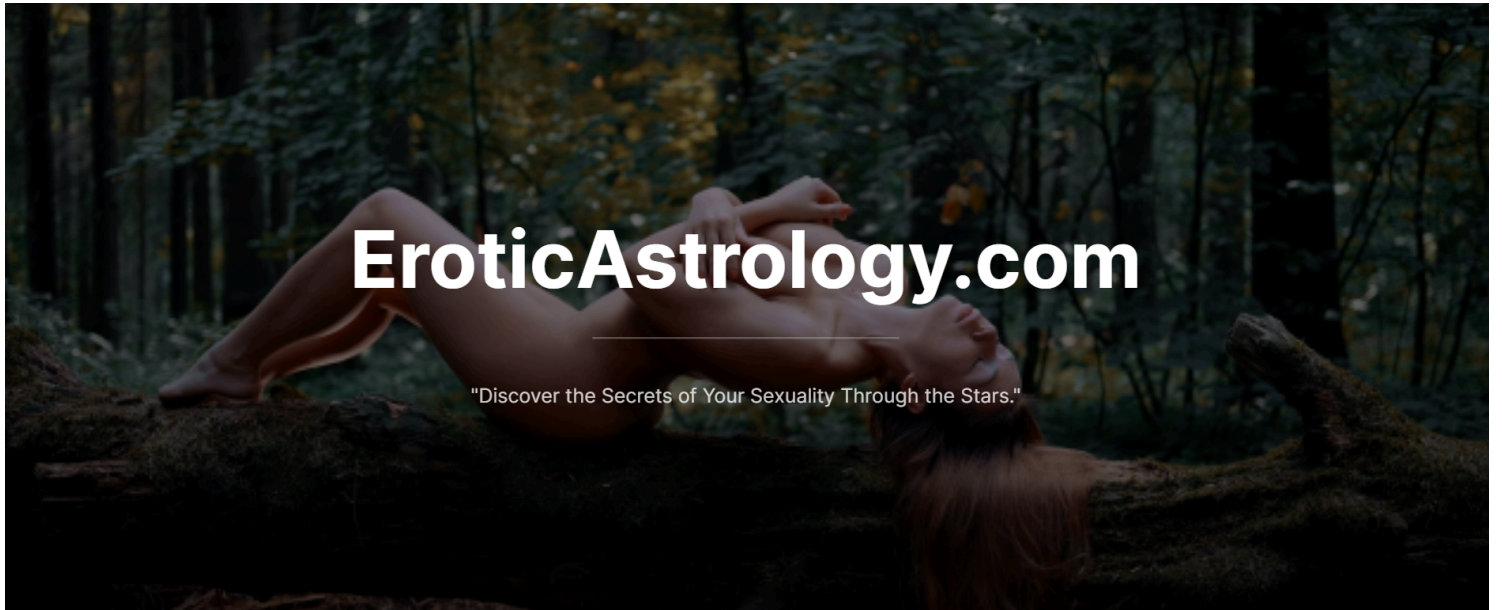

Moon Sign	Compatibility Score
Aries Moon	81/100
Taurus Moon	86/100
Gemini Moon	85/100
Cancer Moon	82/100
Leo Moon	77/100
Virgo Moon	91/100
Libra Moon	80/100
Scorpio Moon	92/100

Conclusion:

- **Most Compatible:** Scorpio (92/100), Virgo (91/100)
- **Least Compatible:** Leo (77/100)

Your planetary placements indicate that your best compatibility is with someone who shares a strong emotional depth (like Scorpio), and a grounded, analytical approach to life (like Virgo). The energy between these two signs aligns well with your placements, fostering both emotional connection and mental stimulation.
